

C.O.P.

COMMUNITY ORGANIZING PATRIOT

A Grassroots political organization

Mission Statement:

Work as community organizers to elect candidates that will support
the Trump Agenda

TRUMP AGENDA

A STRONG ECONOMY:

A strong economy is created by the People of the United States, using their constitutional right to prosper, free from government overreach. This creates the most tax revenue that runs the government.

A STRONG DEFENSE:

A strong defense is one that is second to none in the world. To protect the People of the United States and its allies.

A STRONG BORDER:

A strong border is one that defends The United States against drugs, human trafficking, and enemies of this country. Defends against illegal aliens that can erode our electoral system, compete for jobs and resources that are the right of the American people.

YOU CAN HELP

You, as an American citizen, can work as a community organizer by finding just 5 fellow citizens that are friends or anyone that lives in the representative district that you live in.

1. Ask them if they have the same concerns about the agenda items on this flyer.
2. Ask them if they will help you to promote this agenda. By voting for candidates that will support the Trump Agenda.
3. Ask them if they can contribute to this cause by also becoming a Community Organizer. By finding 5 fellow citizens that live in their representative district, that agree with the Trump Agenda and that will vote for candidates that will support the Trump Agenda.

And on Election Day, as a Community Organizer, phone, text, or drive with your 5 committed voters and support each other in voting for candidates that will vote for the Trump Agenda.
